#### TRIBUTE TO SHIRLEY RECTOR

##### HON. JAY INSLEE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 10, 2004*

Mr. INSLEE. Mr. Speaker, it is with great sorrow that I rise on the House floor to mourn the passing of one of my past colleagues and personal friends. Although we all feel great loss with her passing and it is difficult to express grief for her family and all those who knew her, I would like to offer this tribute as a celebration of her many accomplishments.

Representative Shirley J. Rector was a woman of spirit and principle. As one of the first women to work at Kaiser Aluminum, she took the bull by the horns and was elected as Steelworkers Union Local 338 legislative education chair and recording secretary. Even at that time, her dedication to making the world a better place was clear.

Shirley was committed to public service. She was vice chair of the Democratic Central Committee. I am honored to have been her colleague when she served as a member of the State of Washington House of Representatives where she was instrumental in passing legislation for both the Shared and Family Leave Acts. She was also on the SIRT Higher Education Board and was co-founder of the Women Helping Women Fund. No one who was there will ever forget her speech which electrified the House concerning family and medical care.

I am humbled by these accomplishments and I am assured that her legacy of strong involvement in government and community has touched the lives of many.

#### FREEDOM FOR LUIS MILÁN FERNÁNDEZ

##### HON. LINCOLN DIAZ-BALART

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 10, 2004*

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, I rise today to speak about Luis Milán Fernández, a political prisoner in totalitarian Cuba.

Dr. Milán Fernández is a medical doctor by profession. He chose to dedicate his life to healing people; but, Dr. Milán Fernández realized that the people of Cuba are in need of freedom as well as medicine. In June, 2001 he signed the Manifesto 2001, a document that protested the lack of basic freedoms in Cuba.

Dr. Milán Fernández continued to advocate for freedom for every Cuban when he joined the Independent Medical Association of Santiago. According to Amnesty International, he also joined fellow health professionals in a one-day hunger strike to call attention to the medical situation and other issues pertaining to the lack of freedom in totalitarian Cuba.

Because of his commitment to freedom for Cuba, Dr. Milán Fernández was a victim of the dictator's brutal March 2003 crackdown on

pro-democracy activists. In a sham trial, Dr. Milán Fernández was sentenced to 13 years in the totalitarian gulag.

The U.S. State Department's 2003 Country Reports on Human Rights Practices describes conditions in the totalitarian gulag as . . . harsh and life threatening. . . police and prison officials often . . . beat, neglected, isolated, and denied medical treatment to detainees and prisoners, including those convicted of political crimes or those who persisted in expressing their views . . . Detainees and prisoners, both common and political, often were subjected to repeated, vigorous interrogations designed to coerce them into signing incriminating statements, to force collaboration with authorities, or to intimidate victims. Some endured physical and sexual abuse, typically by other inmates with the acquiescence of guards, or long periods in punitive isolation cells.

Dr. Milán Fernández is a brilliant example of the heroism of the Cuban people. No matter how fierce the repression, no matter how brutal the consequences of a dignified struggle for freedom, the prisons of Cuba are full of men and women of all backgrounds and ages who represent the best of the Cuban nation. Thousands languish in the gulag because they refuse to accept the current reality of nightmarish oppression in Cuba today.

Mr. Speaker, Dr. Milán Fernández is languishing in the horror of the totalitarian gulag because he believes in freedom for the people of Cuba. My Colleagues, we must demand the immediate release of Luis Milán Fernández and every prisoner of conscience suffering in the indescribable gulags of the nightmare called the Castro regime.

#### RECOGNIZING THE ACHIEVEMENTS OF LULAC ON ITS 75TH ANNIVERSARY

##### HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 10, 2004*

Ms. SOLIS. Mr. Speaker, I rise today to honor the League of United Latin American Citizens as it celebrates its 75th year of advancing the economic condition, educational attainment, political influence, health and civil rights of Hispanics in the United States.

LULAC's founding 75 years ago signaled the end of one era and the beginning of another. For decades, the Hispanic community had been engulfed in an environment of inequality, discrimination and injustice. The creation of an institution like LULAC initiated a positive change in the future direction of the Hispanic community as it embodied the will of a people to overcome these barriers to social inclusion and civic participation and claim their rights as U.S. citizens, to access the American dream.

Today, LULAC represents Hispanics in most parts of the United States, as well as Puerto Rico and Guam. It also serves as a cornerstone for some of the most successful Hispanic national organizations. For example, LULAC formed the American GI Forum to address the rights of Hispanic veterans. LULAC also helped to create the Mexican American Legal Defense and Education Fund to function as the legal arm of the Hispanic community.

LULAC's record of activism, whether fighting for voting rights and full access to the political

process, equal educational opportunities for Hispanic children, or the rights of women and full inclusion in American society, is a testimony that it is an organization that will forever address those issues that impact the lives and future of all Hispanic Americans. I commend LULAC on its 75 years of service and the innumerable contributions it has made to our Hispanic community and our country as a whole.

Education is one of the most important issues facing the future of our great Nation. If America is to continue to be the leader of the modern world, we must offer a solid educational foundation for our citizens. To succeed in school and life, every student needs a basic set of skills. They need to listen attentively, speak persuasively, read with understanding, and write with command.
